Gene:

In Heidi Hanson's absence this week, I am forwarding to you an invitation from the Inter-American Defense College at Fort McNair to MS. Derian to address their faculty and students.

As you can see from her note on the letter, she prefers January 12th and wants a draft speech by January 4th.

Would you work this out with Heidi, please. I have not yet called General Adams' office to accept the invitation.

Thanks,

Charlotte
